Affidavit of Witness to the Divine Seal and Marking

By Jonathan Daniel Clements

Living Man | Ecclesiastical Steward | Founder of the Clements Private Ecclesiastical Trust

Preamble

I, Jonathan Daniel Clements, testify under eternal ecclesiastical jurisdiction and in the presence of the Creator of the Universe, to the supernatural manifestation and mark sealed upon my forehead and the red impression embedded in my left palm. These appeared during a pivotal moment in Sanford, Maine, while I was building Anon Hope International Network. A sensation of burning at both locations accompanied their manifestation. The forehead mark resembles a crowned figure with a raised left hand. These marks have remained, as testimony to my divine appointment and the Creator's will.

This affidavit stands as an eternal witness of these markings and their divine origin, affirming the path laid before me under divine direction, beyond time and jurisdiction of man.

Signed and sealed under divine authority,

Jonathan Daniel Clements
